100 pips per day might be sound intimidating but in reality, many traders are making more than 100 pips in a single day.They simply use the Bollinger band indicator and 3 levels ZZ semafor indicator to make this impossible thing possible in each and every single day. The Bollinger band indicators help the trader to identify the potential buying and selling zone in any currency pair.

How to make 100 pips per day 1 - Forex Profit Protector ...

Here is where we're going to do a little math. Just a little bit. You've probably heard of the terms "pips," "points", "pipettes," and "lots" thrown around, and now we're going to explain what they are and show you how their values are calculated. Take your time with this information, as it is required knowledge for all forex traders.
