This book, newly discovered from the archives of his biographer, is Ivy Lee's only known full-length manuscript. Written in the mid-1920s, a time when the public relations field was first coming into its own, it is a guide not as much for the practitioner, but wisely, for a Jazz-Age public facing its first-ever bout of information overload. Lee advises the reader how to identify and cope with the seemingly relentless flow of messages emanating from radio, newsreels and other new media in order to separate out truth from reality, news from propaganda. He coaches the reader how to be a smart consumer of media, and shield himself from the newly emerging influence of motivational research and consumer crowd behavior. Although the book was written just as talkies were consuming the screen, the guidance it offers is just as valuable, perhaps even moreso, as YouTube and Twitter consume our screens, 90 years later. Readers of Mr. Lee's Publicity Book: A Citizen's Guide to Public Relations will also enjoy fascinating observations from some of today's pre-eminent scholars and historians of media and public relations. Their comments point to fascinating parallels between Lee's day and today, and also explore the progress, or lack thereof, in the public's comprehension of publicity's impact today.

Lee Guiding takes you on an adventure in Maine and its outdoors. First, Lee must find a way to guide veterans with PTSD. Next, he must find a way to help those veterans. Lee Guiding details Maine's pristine natural environment, takes the reader fishing, and brings about a Mainer's way of aiding those with PTSD. Dustin Graham Gilber was brought up in Turner, Maine. He loves fishing of all kinds and the other numerous outdoor activities in Maine. He decided to write his first book about healing from PTSD through Maine nature in the mid-winter. He struggled with PTSD, but not from United States military overseas action. His book details the real Maine nature he has lived in almost his whole life- and where he was lucky enough to reside when he needed to re-discover himself. Gilbert chose Veterans with PTSD because he highly appreciates their sacrifice to combat enemies of freedom loving, civil nations. Gilbert feels Maine has natural qualities that can heal psychologically wounded individuals. He also believes good-natured long time residents of Maine can help very many who have experienced trauma. While the characters are fictional, Gilbert encompassed many real-life residents into the fictional Mainers of his first completed book.

An 18th-century romantic adventure for the modern age written by This Monstrous Thing author Mackenzi Lee—Simon vs. the Homo Sapiens Agenda meets the 1700s. Henry "Monty" Montague doesn't care that his roguish passions are far from suitable for the gentleman he was born to be. But as Monty embarks on his grand tour of Europe, his quests for pleasure and vice are in danger of coming to an end. Not only does his father expect him to take over the family's estate upon his return, but Monty is also nursing an impossible crush on his best friend and traveling companion, Percy. A wildly creative Gothic fantasy retelling of *Frankenstein*, *This Monstrous Thing* is a wholly new reimagining of the classic novel by Mary Shelley and is perfect for fans of retellings such as *Cinder* by Marissa Meyer, fantasy by Libba Bray and Cassandra Clare, and alternative history by Scott Westerfeld. In an alternative fantasy world where some men are made from clockwork parts and carriages are steam powered, Alasdair Finch, a young mechanic, does the unthinkable after his brother dies: he uses clockwork pieces to bring Oliver back from the dead. But the resurrection does not go as planned, and Oliver returns more monster than man. Even worse, the novel *Frankenstein* is published and the townsfolk are determined to find the real-life doctor and his monster. With few places to turn for help, the dangers may
