new Intro by Hans

Hoppe Here is Hans

Hoppe's first treatise in

English - actually his

first book in English -

and the one that put him

on the map as a social

thinker and economist to

watch. He argued that

there are only two

possible archetypes in

economic affairs:

socialism and

capitalism. All systems are combinations of those two types. The capitalist model he defines as pure protection of private property, free association, and exchange - no exceptions. All deviations from that ideal are species of socialism, with public ownership and

Within the structure of
socialism, he

distinguishes the left
and right version.

"Conservative"

socialism favors high
regulation, behavioral
controls, protectionism,

and nationalism. The
"liberal" version tends
more toward outright
public ownership and
redistribution. The
