"Acting the Part is the first major history of staged photography. Analysing many key works, from Hippolyte Bayard's 1840 self-depiction as a suicide by drowning to Man Ray's 1923 portrait of Marcel Duchamp posing as his alter ego, Rose Selavy, Cindy Sherman's Untitled Film Stills of the 1970s, and Yinka Shonibare's 1998 Diary of a Victorian Dandy, it traces the genre from its mid-nineteenth-century origins to the present day." "Illustrated throughout with works ranging from the earliest salted paper prints and daguerreotypes to today's digitally manipulated images, Acting the Part is an authoritative survey of this enduring and highly creative branch of photography. It makes an argument for the importance of the staged photograph within the history of the medium and demonstrates its intrinsic artistic value."--BOOK JACKET.

Depicting Canada ' s Children is a critical analysis of the visual representation of Canadian children from the seventeenth century to the present. Recognizing the importance of methodological diversity, these essays discuss understandings of children and childhood derived from depictions across a wide range of media and contexts. But rather than simply examine images in formal settings, the authors take into account the components of the images and the role of image-making in everyday life. The contributors provide a close study of the evolution of the figure of the child and shed light on the defining role children have played in the history of Canada and our assumptions about them. Rather than offer comprehensive historical coverage, this collection

(Applause Books). Arthur Miller decided to become a playwright after seeing her perform with the Group Theater. Marlon Brando attributed his acting to her genius as a teacher. Theater critic Robert Brustein calls her the greatest acting teacher in America. At the turn of the 20th century by which time acting had hardly evolved since classical Greece Stella Adler became a child star of the Yiddish stage in New York, where she was being groomed to refine acting craft and eventually help pioneer its modern gold standard: method acting. Stella's emphasis on experiencing a role through the actions in the given circumstances of the work directs actors toward a deep sociological understanding of the imagined characters: their social class, geographic upbringing, biography, which enlarges the actor's creative choices. Always "onstage," Stella's flamboyant personality disguised a deep sense of not belonging. Her unrealized dream of becoming a movie star chafed against an unflagging commitment to the transformative power of art. From her Depression-era plays with the Group Theatre to freedom fighting during WWII, Stella used her notoriety as a tool for change. For this book, Sheana Ochoa worked alongside Irene Gilbert, Stella's friend of 30 years, who provided Ochoa with a trove of Stella's personal and pedagogical materials, and Ochoa interviewed Stella's entire living family, including her daughter Ellen; her colleagues and friends, from Arthur Miller to Karl Malden; and her

students from Robert De Niro to Mark Ruffalo. Unearthing countless unpublished letters and interviews, private audio recordings, Stella's extensive FBI file, class videos and private audio recordings, Ochoa's biography introduces one of the most under recognized, yet most influential luminaries of the 20th century.
