Basic Principles Governing an Audit

Auditing is a systematic and scientific procedure of inspection of the financial statements of an organization. And like any scientific procedures, the audit also has certain principles and rules that govern it. These principles are the Standards of Auditing or the Auditing and Assurance

Online Library Auditing Principles And Techniques

Standards (AAS).

Basic Principles Governing an Audit: Documentation and ...

Reconciliation is a technique used by an Auditor to know the reason of differences in balances. For example, to know the difference in the bank book of the client

Online Library Auditing Principles And Techniques

and the bank balance as appeared in the bank statement or pass book, the Auditor prepares the reconciliation statement. The same method may be used for debtors, creditors, etc.
