What made the experience of listening to *Caine Black Knife* the most enjoyable? Real characters, two parallel stories with tight plot and inspired performance by Rudnicki. Rudnicki was on *FIRE* when he narrated this series! This is the most fun of the Caine series. What was one of the most memorable moments of *Caine Black Knife*?

In *Heroes Die* and *Blade of Tyshalle*, Matthew Stover created a new kind of fantasy novel, and a new kind of hero to go with it: Caine, a street thug turned superstar, battling in a future where reality shows take place in another dimension, on a world where magic exists and gods are up close and personal. In that beautiful, savage land, Caine is an assassin without peer, a living legend born from one of the highest-rated reality shows ever made. That season, Caine almost single-handedly defeated—and all but exterminated—the fiercest of all tribes: the Black Knives. But the shocking truth of what really took place during that blood-drenched adventure has never been revealed . . . until now. Thirty years later, Caine returns to the scene of his greatest triumph—some would say greatest crime—at the request of his adopted brother Orbek, the last of the true Black Knives. But where Caine goes, danger follows, and he soon finds himself back in familiar territory: fighting for his life against impossible odds,

with the fate of two worlds hanging in the balance. Just the way Caine likes it.

A street thug turned superstar and master assassin, Caine has become a living legend because of his single-handed extermination of the fierce Black Knives, in an action-packed adventure that reveals the truth behind the myth. Twenty-seven years ago, they said Hari Michaelson didn't have a chance. He was just a loser, a street criminal from a disgraced family. He'd never make anything of himself. They were wrong. He made himself into Caine: Killer. Superstar. Hero . . . THE BLADE OF TYSHALLE Six years ago, Ma'elkoth--a god of Overworld--held Pallas Ril in his merciless grip. Earth's ruling elite wanted her dead. Caine swore he would save her. They said he didn't have a chance. They were wrong. He sacrificed his career as Caine to crush Pallas Ril's enemies and bring her home. Now Hari Michaelson is the only man who stands between the soulless corporate masters of Earth and the green hills of Overworld. Caine's victory over Ma'elKoth opened a door between the worlds, and the faceless masses of Earth are killing everything he loves. Enemies old and new array themselves against him. And Hari's not even Caine anymore. He's just one man--alone, half-crippled, powerless. They say he doesn't have a chance. They are wrong . . .

A man shouldn't die with no understanding of why he's been murdered Renowned throughout the land of Ankhana as the Blade of Tyshalle, Caine has killed his share of monarchs and commoners, villains and heroes. He is relentless, unstoppable, simply the best there is at what he does. At

home on Earth, Caine is Hari Michaelson, a superstar whose adventures in Ankhana command an audience of billions. But now Michaelson has crossed the line. His estranged wife, Pallas Rill, has mysteriously disappeared in the slums of Ankhana. To save her, he must confront the greatest challenge of his life: a lethal game of cat and mouse with the most treacherous rulers of two worlds . . .

Redemption casts a bloody shadow On Overworld, Caine was an assassin without peer - a legendary killer known as the Blade of Tyshalle. Years later, Caine returns to the scene of his greatest triumph - some would say greatest crime - at the request of his adopted brother, the last of the Black Knives. SOME LAWS YOU BREAK. SOME BREAK YOU. AND THEN THERE'S CAINE'S LAW. From the moment Caine first appeared in the pages of *Heroes Die*, two things were clear. First, that Matthew Stover was one of the most gifted fantasy writers of his generation. And second, that Caine was a hero whose peers go by such names as Conan and Elric. Like them, Caine was something new: a civilized man who embraced savagery, an actor whose life was a lie, a force of destruction so potent that even gods thought twice about crossing him. Now Stover brings back his greatest creation for his most stunning performance yet. Caine is washed up and hung out to dry, a crippled husk kept isolated and restrained by the studio that exploited him. Now they have dragged him back for one last deal. But Caine has other plans. Those plans take him back to Overworld, the alternate reality where gods are real and magic is the ultimate weapon. There, in a violent odyssey through time and space, Caine will face the demons of his past, find true love, and just possibly destroy the universe. Hey, it's a crappy job, but somebody's got to do it.

Now he must turn to a former enemy for help: the dragon Nicol Bolas, perhaps the only being in the Multiverse powerful enough to get him back on his feet.
