A world list of books in the English language.

A man with humble beginnings on the family farm, minimal formal education and no qualifications, but an enormous drive and vision. Along with a very smart, loyal and patient wife! He founded one of the most successful automotive small businesses in Australia, was the initiator of trends, creator some of the most radical, yet immaculately engineered cars this country (and all others) have seen and inspired thousands to modify their own cars.Often found observing and listening to reactions from a distance with what many misconstrue as a grumpy, dour look on his face, he prefers to let his cars do the talking, and boy do they do get people talking! Following is the story of a name well recognised in the Australian automotive landscape, but a person who very few actually really know.

This is the second, entirely new edition of the phenomenally successful annual guide to all the new production and concept cars unveiled during the twelve months prior to the book's publication. An easily navigated A-Z of all the latest models from around the world, this book engagingly describes and illustrates around 130 cars, highlighting their key stylistic features and innovations. Each vehicle is brought vividly to life in a series of stunning photographs and original renderings, showing exterior and interior design features, the vehicle's stylistic development and its engine layout-800 colour illustrations in all. Available technical data for every car is also provided. The Car Design Yearbook is the most comprehensive annual reference to the latest trends in car design worldwide ever published. No one interested in cars--whether as an industry insider or a car enthusiast--can afford to be without this definitive guide.
