The definitive work on Jack the Ripper and the various theories from the time of the murders to the present day

The latest research on the ultimate whodunnit by the world's leading society for Ripper studies The Whitechapel Murders of 1888 remain unsolved and hundreds of theories have been suggested as to the killer's identity. However, many of the suggestions naming the infamous Ripper remain ill-informed and ludicrous, until now. The authors of this book are all members of The Whitechapel Society, the world's largest organization for the study of Jack the Ripper. Each has spent many years researching a particular suspect and the results of their latest, cutting-edge investigations are published here for the first time. Based on indisputable facts and concrete evidence, the cases put forward in this collection allow readers to decide exactly who they believe is the man behind the myth. With each chapter discussing a separate suspect in detail, this book is the ultimate guide to one of the most famous criminal investigations in history.

A detailed and meticulously researched encyclopedia on all aspects of Jack the Ripper, one of the world's most famous, and mysterious, serial killers. * 450+ entries arranged around themes such as suspects, victims, police, myths, and errors * Verbatim accounts of eight important letters written at the times of the murders that may be genuine, or that other writers have claimed to be genuine * A timeline of the era of Jack the Ripper, beginning with a poisoning in 1887 and ending with the writing of the Littlechild letter in 1913 * 12 maps detailing the location of each murder * Numerous photographs including explicit postmortem photos of many of the victims attributed to Jack the Ripper

Victorian Britain, at the head of the vast British Empire, was the

Read PDF Jack The Ripper Simple Truth Bruce Paley

wealthiest and most powerful country in the world. Yet, not all Britons were seen as possessing the characteristics that defined what it actually meant to be 'British.' At the Margins of Victorian Britain focuses on the political means of policing unwanted 'others' in Victorian society: the Irish, Catholics and Jews, atheists, prostitutes and homosexuals. In this groundbreaking study, Dennis Grube details the laws and conventions that were legally and culturally enforced in order to bar these 'others' from gaining power and influence in Victorian Britain. Utilizing a wide-ranging analysis, the book focuses on key case-studies: the anti-Semitism implicit in Lord Rothschild's barring from the House of Commons; the fine line between accepted male love and companionship and homosexuality, culminating in the Oscar Wilde trials of the 1890s; and how laws against disease were used to police prostitutes and correct moral vices. Political and legal rhetoric, backed by the force of legislation, set the boundaries of 'Britishness', and enforced those boundaries through the 'majesty' of British law. As Jews, Roman Catholics and atheists were brought into a genuine sense of partnership in the British constitution by being allowed to seek election to Parliament - homosexuals, prostitutes and the allegedly innately criminal Irish found themselves further and more vehemently displaced as the nineteenth century progressed. 'Otherness' stopped being a religious question and became instead a moral one. That fundamental shift marks the moment that 'Britishness' became a values-based question. And we've been arguing about what those values are ever since. This will be essential reading for those working in the fields of Victorian studies, social and cultural history and constitutional identity.

Although Jack the Ripper has been remembered for over a century I think we should spare a thought for his victims. These women were living day to day trying to escape starvation and death. They did not have a choice how they lived. 'Jack' gave them no choice in death. Revelations of the True Ripper introduces you to my 'Jack the

Ripper'. I did not choose him, I found him in the detail, hidden behind the history of the times.

Discover the truth behind the myth in *The Complete Jack the Ripper* by Paul Begg and John Bennett. Whitechapel, 1888: a spate of brutal murders becomes the most notorious criminal episode in London's history. The killer, chillingly nicknamed 'The Whitechapel Murderer', 'Leather Apron' and, most famously, 'Jack the Ripper', is never brought to justice for the slaughter and mutilation of at least five women in the slums of East London. But the mystery is deepened by a letter sent "From Hell" to Scotland Yard, accompanied by half of a preserved human kidney... In this comprehensive account of London's most infamous killer, the foremost authorities on the case explore the facts behind the most grisly episode of the Victorian era. Setting the scene in the impoverished East End, the authors' meticulous research offers detailed accounts of the lives of the victims and an examination of the police investigation. *The Complete Jack the Ripper* is the definitive book by Paul Begg and John Bennett, exploring both the myth and reality behind the allusive killer. Paul Begg and John Bennett are researchers and authors, widely recognized as authorities on Jack the Ripper. Paul Begg's books include *Jack the Ripper: The Facts*, *Jack the Ripper: The Definitive History*, and he is a co-author of *The Jack the Ripper A to Z*. John Bennett has written numerous articles and lectured frequently on Jack the Ripper and the East End of London. He has acted as adviser to and participated in documentaries made by television channels worldwide and was the co-writer for the successful Channel 5 programme *Jack the Ripper: The Definitive Story*. He is author of *E1: A Journey Through Whitechapel and Spitalfields* and co-author of *Jack the Ripper: CSI Whitechapel*.

the suspects. *Some believe the killings were covered up by the Masons. The Jack the Ripper mystery is one of the greatest whodunnits the world has ever known. With a backdrop of swirling fog, top hats and dark alleys, it is easy to see why this fascinating tale still continues to capture the imagination. The Little Book of Jack the Ripper explores the world of Victorian London, examining the case from every angle and including witness statements, reports and the reactions of the press. Richly illustrated, it is a book that you can dip in and out of during the twilight hours (but only if you're brave enough!). Compiled by the Whitechapel Society and drawing on their incredible expertise, it will delight true-crime enthusiasts everywhere.

Had the Jack the Ripper murders taken place in 1988 not 1888 then our response to them would have been markedly different. Since those dark days in Victorian London we have learnt much about this type of killer: their damaged childhoods, misfit adulthoods and psychopathic alienation from the human race. But can this new knowledge help to solve a mystery that has been eluding generations of policemen and historians? By comparing the crimes of the Ripper with those of other serial killers, Ripper expert William Beadle creates a more extensive psychological profile of the man behind Jack the Ripper than ever before. One suspect who embodied all the dire characteristics was William Henry Bury. Bury moved to the East End of London in 1887. He had a terrible childhood, he was a horsemeat butcher, and he had a violent relationship with his wife. But was Bury the Ripper? Beadle uses his Ripper psychological profile in conjunction with newly unearthed evidence: Bury was out all night on the dates of the murders, and when his wife 'committed suicide' she had been strangled and her body ripped up in the same way as the Ripper's victims. When Bury was executed for the murder of his wife, the killings in the East End stopped. A Scotland Yard detective even conceded to the hangman that he was 'quite satisfied you have
