Formulating an action-oriented strategy allows a company to ask lenders and investors for help while retaining corporate sovereignty. By charting and executing a sound action plan, the business takes steps toward improving its financial stability, a mark of solvency that generally prevents takeover offers from competitors.

**Business** An action verb, also known as a dynamic verb, is a verb that expresses a mental or physical action. This is the opposite of a stative verb that expresses a passive state such as "know", "believe" or "regret." Action verbs are commonly used in business to express strategy, goals, objectives, job descriptions and to report business progress. They are also commonly used in resumes, performance reviews and presentations to communicate accomplishments.
