Radiology Policies and Procedures |

Department of Radiology

A procedure is a step-by-step set of instructions on how to perform a specific task or solve a problem. It answers the question 'how.' It is a description of activities involved in implementing a policy. Quick tips: After logging into policy manager, one can "browse manuals" and find a Radiology manual among others.

Radiologists and radiology staff conduct advanced, high-quality diagnostic imaging tests and perform an array of image-guided therapies. Your care team provides you with a complete range of advanced, high-quality diagnostic imaging tests and image-guided treatments in a caring, safe and efficient environment.

Radiology - Tests and procedures - Mayo Clinic

The consumer information strategies project found that referring practitioners would also benefit from receiving information about the radiology procedures they were referring patients for. This information was developed by radiologists to inform other health professionals about the indications and risks associated with each procedure.
