'Spook Street' is the fourth book in Mick Herron's magnificent series about the misfits from the intelligence services who inhabit Slough House. And in my opinion it's his best yet. I won't try to describe the plot, partly because I couldn't do it justice, but also because it would be impossible to do so without including spoilers.

Or does someone take care of the senile spy for good? Winner of the 2013 CWA Gold Dagger Award A BBC Front Row best crime novel of the year A Times crime and thriller book of the year 'The finest new crime series this millennium' Mail on Sunday Dickie Bow is not an obvious target for assassination. But once a spook, always a spook. And Dickie was a talented streetwalker back in the day, before he turned up dead on a bus. A shadow. Good at following people, bringing home their secrets. Dickie was in Berlin with Jackson Lamb. Now Lamb's got his phone, and on it the last secret Dickie ever told, and reason to believe an old-time Moscow-style op is being run in the Service's back-yard. In the Intelligence Service purgatory that is Slough House, Jackson Lamb's crew of back-office no-hopers is about to go live . . .

"London Rules might not be written down, but everyone knows rule one: Cover your arse. At MI5 headquarters Regent's Park, First Desk Claude Whelan is learning this the hard way. Tasked with protecting a beleaguered prime minister, he's facing attack from all directions himself: from the showboating MP who orchestrated the Brexit vote, and now has his sights set on Number Ten; from the showboat's wife, a tabloid columnist, who's crucifying Whelan in print; from the PM's favorite Muslim, who's about to be elected mayor of the West Midlands, despite the dark secret he's hiding; and especially from his own deputy, Lady Di Taverner, who's alert for Claude's every stumble. Meanwhile, the country's being rocked by an apparently random string of terror attacks. Over at Slough House, the MI5 satellite office for outcast and demoted spies, the agents are struggling with personal problems: repressed grief, various addictions, retail paralysis, and the nagging suspicion that their newest colleague is a psychopath. Plus someone is trying to kill Roddy Ho. But collectively, they're about to rediscover their greatest strength - that of making a bad situation much, much worse" --

The Bond-esque River Cartwright and his group of defunct MI5 spies, headed by the irascible Jackson Lamb, will do anything to get back into the game. When a member of London's Slough House - MI5's stable for disgraced spies, so-called "slow horses" - is kidnapped by a former soldier bent on revenge, the agents must risk treason and breach Regent's Park to steal intel in exchange for their comrade's safety. But the kidnapping is only the tip of the iceberg as they are caught in a conspiracy that threatens the future not only of Slough House but of MI5 itself.

The first book in CWA Gold Dagger Award-winning British espionage series starring a team of MI5 agents united by one common bond: they've screwed up royally and will do anything to redeem themselves. This special tenth-anniversary deluxe edition features a foreword by the author, an exclusive short story, and discussion questions. London, England: Slough House is where the washed-up MI5 spies go to while away what's left of their failed careers. The "slow horses," as they're called, have all disgraced themselves in some way to get relegated here. Maybe they messed up an op badly and can't be trusted anymore. Maybe they got in the way of an ambitious colleague and had the rug yanked out from under them. Maybe they just got too dependent on the bottle--not unusual in this line of work. One thing they all have in common, though, is they all want to be back in the action. And most of them would do anything to get there even if it means having to collaborate with one another. River Cartwright, one such "slow horse," is bitter about his failure and about his tedious assignment transcribing cell phone conversations. When a young man is abducted and his kidnappers threaten to broadcast his beheading live on the Internet, River sees an opportunity to redeem himself. But is the victim who he first appears to be? And what's the kidnapers' connection with a disgraced journalist? As the clock ticks on the execution, River finds that everyone has his own agenda.

SHORTLISTED FOR THE CWA GOLDSBORO GOLD DAGGER AND THE IAN FLEMING STEEL DAGGER SHORTLISTED FOR THE THEAKSTON OLD PECULIAR CRIME NOVEL OF THE YEAR 'If you read one spy novel this year, read Real Tigers' The Spectator 'The finest new crime series this millennium' Mail on Sunday Catherine Standish knows that chance encounters never happen to spooks. She's worked in the Intelligence Service long enough to understand treachery, double-dealing and stabbing in the back. What she doesn't know is why anyone would target her: a recovering drunk pushing paper with the other lost causes in Jackson Lamb's kingdom of exiles at Slough House. Whoever it is holding her hostage, it can't be personal. It must be about Slough House. Most likely, it is about Jackson Lamb. And say what you like about Lamb, he'll never leave a joe in the lurch. He might even be someone you could trust with your life . . .

In his best and most ambitious novel yet, Mick Herron, "the le Carr é of the future" (BBC), offers an unsparing look at the corrupt web of media, global finance, spycraft, and politics that power our modern world. "This is a darker, scarier Herron. The gags are still there but the satire's more biting. The privatization of a secret service op and the manipulation of news is relevant and horribly credible."--Ann Cleeves, author of the Vera Stanhope series At Slough House--MI5's London depository for demoted spies--Brexit has taken a toll. The "slow horses" have been pushed further into the cold. Slough House has been erased from official records, and its members are dying in unusual circumstances, at an unusual clip. No wonder Jackson Lamb's crew is feeling paranoid. But are they actually targets? With a new populist movement taking hold of London's streets and the old order ensuring that everything's for sale to the highest bidder, the world's a dangerous place for those deemed surplus. Jackson Lamb and the slow horses are in a fight for their lives as they navigate dizzying layers of lies, power, and death.

The CWA Gold Dagger Award-winning British espionage novel about disgraced MI5 agents who inadvertently uncover a deadly Cold War-era legacy of sleeper cells and mythic super spies. The disgruntled agents of Slough House, the MI5 branch where washed-up spies are sent to finish their failed careers on desk duty, are called into action to protect a visiting Russian oligarch whom MI5 hopes to recruit to British intelligence. While two agents are dispatched on that babysitting job, though, an old Cold War-era spy named Dickie Bow is found dead, ostensibly of a heart attack, on a bus outside of Oxford, far from his usual haunts. But the head of Slough House, the irascible Jackson Lamb, is convinced Dickie Bow was murdered. As the agents dig into their fallen comrade's circumstances, they uncover a shadowy tangle of ancient Cold War secrets that seem to lead back to a man named Alexander Popov, who is either a Soviet bogeyman or the most dangerous man in the world. How many more people will have to die to keep those secrets buried?
