A stunning new epic fantasy from two-time Hugo Award winner Kameron Hurley. On the eve of a recurring catastrophic event known to extinguish nations and reshape continents, a troubled orphan evades death and slavery to uncover her own bloody past... while a world goes to war with itself. In the frozen kingdom of Saiduan, invaders from another realm are decimating whole cities, leaving behind nothing but ash and ruin. At the heart of this war lie the pacifistic Dhai people, once enslaved by the Saiduan and now courted by their former masters to provide aid against the encroaching enemy. Stretching from desolate tundra to steamy, semi-tropical climes seething with sentient plant life, this is an epic tale of blood mages and mercenaries, emperors and priestly assassins who must unite to save a world on the brink of

ruin. As the dark star of the cataclysm rises, an illegitimate ruler is tasked with holding together a country fractured by civil war; a precocious young fighter is asked to betray his family to save his skin; and a half-Dhai general must choose between the eradication of her father's people or loyalty to her alien Empress. Through tense alliances and devastating betrayal, the Dhai and their allies attempt to hold against a seemingly unstoppable force as enemy nations prepare for a coming together of worlds as old as the universe itself. In the end, one world will rise - and many will perish. File Under: Fantasy [Orphaned Child | World at War | Blood Magic | The Fluidity of Gender]

Caught up in a whirl-wind of intrigue involving Bel Dam Assassins plotting against the Queen, Nyx must learn who the rouge Bel Dam is, and find a cure for her illness, while avoiding the wrath of the queen she is trying to protect. The danger that swirls around her may have finally become too much, and Nyx's colleagues and friends began to die. Will Nyx be next?

“[A] thought-provoking space opera.” —Kirkus Reviews “One of the most unusual and powerfully disturbing space operas we’re likely to see this year.” —Chicago Tribune Set within a system of decaying world-ships travelling through deep space, this breakout novel of epic science fiction follows a pair of sisters who must wrest control of their war-torn legion of worlds—and may have to destroy everything they know in order to survive. Somewhere on the outer rim of the universe, a mass of decaying world-ships known as the Legion is traveling in the seams between the stars. Here in the darkness, a war for control of the Legion has been waged for generations, with no clear resolution. Zan wakes with no memory, prisoner of a people who say there are her family. She is told she is their salvation, the only person capable of boarding the Mokshi, a world-ship with the power to leave the Legion. But Zan’s new family is not the only one desperate to gain control of the prized ship. Zan finds that she must choose sides in a genocidal campaign that will take her from the edges of the Legion’s gravity well to the very belly of the world. In the tradition of Iain M. Banks’s Culture novels and Roger Zelazny’s Chronicles of Amber, Kameron Hurley has created an epic and thrilling tale about

tragic love, revenge, and war as imagined by one of our most celebrated new writers.

Collecting *The Mirror Empire*, *Empire Ascendant*, and *The Broken Heavens* together for the first time in one digital edition with bonus content from the author. *The Mirror Empire*: When a shadowy force threatens their world, an orphan blood mage, novice fighter, and illegitimate ruler must unite fractured nations – and confront their own darker natures. *Empire Ascendant*: In this devastating sequel to *The Mirror Empire*, Kameron Hurley transports us back to a land of blood mages and sentient plants, dark magic, and warfare on a scale that spans worlds. *The Broken Heavens*: With more refugees from ravaged lands passing through the soft seams between worlds every day, time is running out for the Tai Mora and the last of the Dhai. Only one ruler, one nation, one world can survive. Who will be saved, and who will be sacrificed, when the heavens finally break?

The first instalment of the action-packed *Bel Dame Apocrypha* trilogy - perfect for fans of Becky Chambers and N. K. Jemisin *Nyx* is a bel dame, a bounty hunter paid to collect the heads of deserters – by almost any means necessary. ‘Almost’ proved to be the problem. Cast out and imprisoned for breaking one rule too many, *Nyx* and her crew of mercenaries are all about the money. But when a dubious government deal with an alien emissary goes awry, her name is at the top of the list for a covert recovery. While the centuries-long war rages on only one thing is certain: the world’s best chance for peace rests in the hands of its most ruthless killers. . . ***** Make sure you've read the rest of the series: 1. *God's War* 2. *Infidel* 3. *Rapture*

From the Hugo Award–winning author of *The Stars Are Legion* comes a brand-new science fiction thriller about a futuristic war during which soldiers are broken down into light in order to get them to the front lines on Mars. They said the war would turn us into light. I wanted to be counted among the heroes who gave us this better world. *The Light Brigade*: it’s what soldiers fighting the war against Mars call the ones who come back...different. Grunts in the corporate corps get busted down into light to travel to and from interplanetary battlefronts. Everyone is changed by what the corps must do in order to break them down into light. Those who survive learn to stick to the mission brief—no matter what actually happens during combat. Dietz, a fresh recruit in the infantry, begins to experience combat drops that don’t sync up with the platoon’s. And Dietz’s bad drops tell a story of the war that’s not at all what the corporate brass want the soldiers to think is going on. Is Dietz really experiencing the war differently, or is it combat madness? Trying to untangle memory from mission brief and survive with sanity intact, Dietz is ready to become a hero—or maybe a villain; in war it’s hard to tell the difference. A worthy successor to classic stories like *Downbelow Station*, *Starship Troopers*, and *The Forever War*, *The Light Brigade* is award-winning author Kameron Hurley’s gritty time-bending take on the future of war.

"Set within a system of decaying world-ships travelling through deep space ... follows a pair of sisters who must wrest control of their war-torn legion of worldships --and may have to destroy everything they know in order to survive"--

"A world made by the Eight Creators on which to play out their games of passion and power, Paradise is a sprawling, diverse, often brutal place. Men and women live on Paradise as do dogs, cats, ferrets, goats, and horses. But dinosaurs predominate: wildlife, monsters, beasts of burden--and of war"--Amazon.com.
